

Conservation Tasks: Practical management of Common Land within the Parish

Sunday 6 February, Saturday 26 February and Sunday 4 September 2022

Led by Holkham Estate Conservation Manager.

The three unenclosed commons in Castle Acre – Minns Meadow, Broadmeadow and Emmanuel Commons - are leased to the Parish Council by the Holkham Estate but the latter retains responsibility for their management, currently confined to some grazing by cattle on Minns Meadow.

The Holkham Estate's Conservation Manager will work with volunteers to train them in the skills needed to improve habitats through practical sessions aimed at encouraging the species associated with wet meadow grassland to re-establish and flourish.
