

## **Plant Identification and surveying of sites in the surrounding landscape**

**14 June 2022 10.00 to 16.00**

Meet at village hall

Led by Chris Roberts who is a field botanist from Norfolk, working freelance for the last twelve years.

Aimed at beginners, but those with some experience will find plenty to keep them interested.

Indoor Session:

- The make-up of a flower, and looking at some plants to learn the skills which will help you start your identification.
- How to carry out plant surveys.

Outdoor Session:

- Using a simple key to help identify plants.
- Plant Surveys – practical trial.
